

Newspaper Fashion Show

Group Size: Multiple groups of 4 - 5

Key Stages: KS2, KS3, KS4, KS5

Team Building Skills: Imagination, Planning, Strategy, Communication

Equipment: Newspaper, String, Tape

Newspaper Fashion Show will have your teams in tears of laughter.

The participants will need to be arranged in groups of 4 - 5. This activity works best if each group it's given their own space to work in away from the other teams.

The teams must organise themselves to firstly design and then create a costume that can be worn and exhibited at a catwalk at the end of the exercise.

Each team will need the same number of resources. We suggest newspapers, tape and string but other items can be used to add to the creative flair.

We suggest a time limit of 30 minutes to be ready to attend the catwalk with the other groups. A panel of judges can then declare the winning team.

Newspaper Fashion Show is a fun team activity where the groups are only limited by their imaginations and of course agreeing on a design!
